# LEARNING TOGETHER AT HOME: WEEK 5

## Early Years Northumberland

Hi there friends and welcome to week 5. Try some of these fun things together this week. Don't forget to share what you've been doing with your nursery or childminder.

Make an obstacle course either when you're out and about or in the house. See how many things you can climb e.g. the stairs, climb over a fallen tree, climb to the top of the sofa.

Read a story together and retell it through pretend play. You could make a den, dress up or use the outdoors to pretend to be your favourite story character.

Play eye spy. How many things can you find that begin with the same letter as your name? To make it easier for younger children play by colour or a different criteria e.g. I spy with my little eye something that is 'soft'.

Can you help your grown-up put away the washing? You could match the items of clothing to their owner or see if you can match pairs of socks.

Make a musical instrument using an empty box or tub and dried pasta or lentils or by wrapping elastic bands around an empty shoe box. Then have some fun playing in your new band.

Click [here](#) to see Catrin helping with the washing.

Can you count how many bubbles there are on this page?
